HCM Label:	Not reported
Map Scale:	Not reported
Point of Reference:	Not reported
Highlights:	The property is a homeless shelter and social services center for Austin's vulnerable population. The Salvation Army needs a federal Home Loan Bank loan in order to renovate this much-used structure. A Phase I ESA is a requirement of that loan. Future plans for the property include substantial refurbishment and replacement of mechanical, electrical, plumbing and elevator systems, replacement of finishes/materials for flooring, walls and ceilings. Additional security features will be installed. The exterior brick facade will also undergo substantial refurbishment due to some system failure. While the renovation/refurbishment of the facility will not change it's use, it will be able to serve the homeless clients in a cleaner and safer environment.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:

Waste Code: D001
Waste Description: Ignitable Waste

Waste Code: D002
Waste Description: Corrosive Waste

Waste Code: D007
Waste Description: Chromium

Waste Code: D009
Waste Description: Mercury

Waste Code: D010
Waste Description: Selenium

Waste Code: D011
Waste Description: Silver

Waste Code: P001
Waste Description: 2h-1-Benzopyran-2-One, 4-Hydroxy-3-(3-Oxo-1-Phenylbutyl)-, & Salts, When Present At Concentrations Greater Than 0.3% (Or) Warfarin, & Salts, When Present At Concentrations Greater Than 0.3%

Waste Code: P012
Waste Description: Arsenic Oxide As₂O₃ (Or) Arsenic Trioxide

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Click Here for FRS Facility Detail Report:

Environmental Interest/Information System:
 RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA. Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

HAZARDOUS WASTE BIENNIAL REPORTER

Registry ID: 110000822030

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

US National Pollutant Discharge Elimination System (NPDES) module of the Compliance Information System (ICIS) tracks surface water permits issued under the Clean Water Act. Under NPDES, all facilities that discharge pollutants from any point source into waters of the United States are required to obtain a permit. The permit will likely contain limits on what can be discharged, impose monitoring and reporting requirements, and include other provisions to ensure that the discharge does not adversely affect water quality.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

NCDB (National Compliance Data Base) supports implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). The system tracks inspections in regions and states with cooperative agreements, enforcement actions, and settlements.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

Priority Description: The vertical extent of contamination has been defined and the assessment results document that groundwater is not affected.
Status: FINAL CONCURRENCE ISSUED, CASE CLOSED
Coordinators Primary: 1/1P/1/3/1
Coordinators RPR: KKC
Responsible Party Name: Not reported
Responsible Party Contact: WAYNE WILSON
Responsible Party Address: 1711 SAN JACINTO
Responsible Party City,St,Zip: AUSTIN, TX 78711
Responsible Party Telephone: 512/463-3353
Reported Date: 11/28/1990
Case Start Date: 09/15/1999
Reference Number: RN104805403
Project Manager: KKC

Environmental Interest/Information System:

Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

Registry ID: 110070370831

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

US National Pollutant Discharge Elimination System (NPDES) module of the Compliance Information System (ICIS) tracks surface water permits issued under the Clean Water Act. Under NPDES, all facilities that discharge pollutants from any point source into waters of the United States are required to obtain a permit. The permit will likely contain limits on what can be discharged, impose monitoring and reporting requirements, and include other provisions to ensure that the discharge does not adversely affect water quality.

Registry ID: 110070356280

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

 Longitude: -97.73505198
 HCM Label: Address Matching-House Number
 Map Scale: Not reported
 Point of Reference: Entrance Point of a Facility or Station
 Highlights: Planned to continue to be used as a community garden. Former Use: The Site is developed with a community garden in the north portion and City park in the south. The general vicinity is developed with mixed uses that include residential, medical offices, and park land. The Site appears to have been first developed with a single-family residence circa 1935. Former U.S. Department of the Interior fish hatchery ponds located at the Site from the period circa 1950 to 1970 were apparently filled by 1973. The presence of fill of unknown origin at the Site represents a REC due to the possibility that hazardous materials and/or petroleum products were deposited with the fill. The proximity of the Site to Interstate Highway 35 represents a REC due to intensive automotive exhaust that has occurred near the Site prior to phasing out the addition of tetraethyl lead in fuel.

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

US BROWNFIELDS:
 Name: SALVATION ARMY SOUTH CONGRESS
 Address: 4216 SOUTH CONGRESS AVENUE
 Recipient name: Austin, City of
 Grant type: Assessment
 Region: 6
 Property Number: Not reported
 Parcel size: 3.25
 Latitude: 30.2214019
 Longitude: -97.7678972
 HCM Label: Address Matching-House Number
 Map Scale: Not reported
 Point of Reference: Entrance Point of a Facility or Station
 Highlights: Currently, the Site accommodates two structures: the Salvation Army Thrift Store and the Salvation Army Adult Rehabilitation Center. A baseball field is located on the northwestern portion of the Site, as well as a vacant and heavily vegetated area located west and southwest of the baseball field. Additionally, a green space exists south of the two structures along the southern boundary of the Site. A ?spoil pile? located on the western portion of the Site is illustrated on the site plan provided in the ?Application for Environmental Services? submitted by the Salvation Army to the Austin Brownfields Redevelopment Office. Because of the unknown contents of the debris pile, the City used funds to determine whether the debris pile had contamination. The resulting report showed no contamination. The Salvation Army is seeking \$5 million from the City of Austin in order to expand their operations at this site. As of October 2016, it is unknown where the required funding will come from. Former Use: The Site consists of both developed and undeveloped areas, and the Salvation Army plans to develop approximately 3.25 acres of an

Past Use: Multistory	Not reported
Property Description:	The Site consists of both developed and undeveloped areas, and the Salvation Army plans to develop approximately 3.25 acres of an undeveloped part of the property for commercial/residential purposes. A multistory structure, parking lot, and landscaping is proposed for construction to support a rehabilitation center (including affordable, supportive housing) for women.

Latitude:	30.2214019
Longitude:	-97.7678972
HCM Label:	Address Matching-House Number
Map Scale:	Not reported
Point of Reference:	Entrance Point of a Facility or Station
Highlights:	Currently, the Site accommodates two structures: the Salvation Army Thrift Store and the Salvation Army Adult Rehabilitation Center. A baseball field is located on the northwestern portion of the Site, as well as a vacant and heavily vegetated area located west and southwest of the baseball field. Additionally, a green space exists south of the two structures along the southern boundary of the Site. A ?spoil pile? located on the western portion of the Site is illustrated on the site plan provided in the ?Application for Environmental Services? submitted by the Salvation Army to the Austin Brownfields Redevelopment Office. Because of the unknown contents of the debris pile, the City used funds to determine whether the debris pile had contamination. The resulting report showed no contamination. The Salvation Army is seeking \$5 million from the City of Austin in order to expand their operations at this site. As of October 2016, it is unknown where the required funding will come from. Former Use: The Site consists of both developed and undeveloped areas, and the Salvation Army plans to develop approximately 3.25 acres of an undeveloped part of the property for commercial/residential purposes. A multistory structure, parking lot, and landscaping is proposed for construction to support a rehabilitation center (including
