Hazardous Waste Summary:

Waste Code: D001
 Waste Description: Ignitable Waste

Waste Code: F001
 Waste Description: The Following Spent Halogenated Solvents Used In Degreasing:
 Tetrachloroethylene, Trichlorethylene, Methylene Chloride,
 1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated
 Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing
 Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of
 One Or More Of The Above Halogenated Solvents Or Those Solvents Listed
 In F002, F004, And F005; And Still Bottoms From The Recovery Of These
 Spent Solvents And Spent Solvent Mixtures.

Environmental Interest/Information System:
RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Hazardous Waste Summary:

Waste Code: D001
Waste Description: Ignitable Waste

Waste Code: D006
Waste Description: Cadmium

Waste Code: D007
Waste Description: Chromium

Waste Code: D008
Waste Description: Lead

Waste Code: D018
Waste Description: Benzene

Waste Code: D021
Waste Description: Chlorobenzene

Waste Code: D027
Waste Description: 1,4-Dichlorobenzene

Waste Code: D039
Waste Description: Tetrachloroethylene

Waste Code: D040
Waste Description: Trichlorethylene

Waste Code: F001
Waste Description: The Following Spent Halogenated Solvents Used In Degreasing: Tetrachloroethylene, Trichlorethylene, Methylene Chloride, 1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F002, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F002
Waste Description: The Following Spent Halogenated Solvents: Tetrachloroethylene, Methylene Chloride, Trichloroethylene, 1,1,1-Trichloroethane, Chlorobenzene, 1,1,2-Trichloro-1,2,2-Trifluoroethane, Ortho-Dichlorobenzene, Trichlorofluoromethane, And 1,1,2, Trichloroethane; All Spent Solvent Mixtures/Blends Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of One Or More Of The Above Halogenated Solvents Or Those Solvents Listed In F001, F004, And F005; And Still Bottoms From The Recovery Of These Spent Solvents And Spent Solvent Mixtures.

Waste Code: F003
Waste Description: The Following Spent Nonhalogenated Solvents: Xylene, Acetone, Ethyl Acetate, Ethyl Benzene, Ethyl Ether, Methyl Isobutyl Ketone, N-Butyl Alcohol, Cyclohexanone, And Methanol; All Spent Solvent Mixtures/Blends Containing, Before Use, Only The Above Spent

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Highlights:	GNDC is partnering with Escuela Montessori de Montopolis, a nonprofit pre-school in Montopolis, to expand the pre-school and increase affordable housing opportunities in the Montopolis neighborhood. Escuela Montessori has 2 acres of land where GNDC will develop a new "state of the art" campus for the preschool students while creating 93 units of affordable, family oriented housing, with 14 units dedicated to seniors. The project, "Escuela Nueva" will double the number of children currently served by the pre-k. The campus will integrate the pre-k, family housing, and senior housing within a green, energy efficient, learning-focused development designed to increase social interaction, outdoor engagement, and intergenerational experiences, while enhancing the educational opportunities in the neighborhood. The project is currently in its early stages in the development process and GNDC is seeking community input regarding the design, and services provided within the development. Please complete this survey by October 1st, available in English and Spanish.

Highlights:	GNDC is partnering with Escuela Montessori de Montopolis, a nonprofit pre-school in Montopolis, to expand the pre-school and increase affordable housing opportunities in the Montopolis neighborhood. Escuela Montessori has 2 acres of land where GNDC will develop a new "state of the art" campus for the preschool students while creating 93 units of affordable, family oriented housing, with 14 units dedicated to seniors. The project, "Escuela Nueva" will double the number of children currently served by the pre-k. The campus will integrate the pre-k, family housing, and senior housing within a green, energy efficient, learning-focused development designed to increase social interaction, outdoor engagement, and intergenerational experiences, while enhancing the educational opportunities in the neighborhood. The project is currently in its early stages in the development process and GNDC is seeking community input regarding the design, and services provided within the development. Please complete this survey by October 1st, available in English and Spanish.

Historic Generators:

Receive Date: 19910401
Handler Name: EXXON CO USA #67383
Federal Waste Generator Description: Conditionally Exempt Small Quantity Generator
State District Owner: Tx
Large Quantity Handler of Universal Waste: No
Recognized Trader Importer: No
Recognized Trader Exporter: No
Spent Lead Acid Battery Importer: No
Spent Lead Acid Battery Exporter: No
Current Record: No
Non Storage Recycler Activity: Not reported
Electronic Manifest Broker: Not reported

Receive Date: 20010727
Handler Name: EXXON MOBIL CORPORATION
Federal Waste Generator Description: Not a generator, verified

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA. Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

Hazardous Waste Summary:

Waste Code: D001
Waste Description: Ignitable Waste

Waste Code: D002
Waste Description: Corrosive Waste

Waste Code: D008
Waste Description: Lead

Waste Code: D018
Waste Description: Benzene

Waste Code: D039
Waste Description: Tetrachloroethylene

Waste Code: F001
Waste Description: The Following Spent Halogenated Solvents Used In Degreasing:
Tetrachloroethylene, Trichlorethylene, Methylene Chloride,
1,1,1-Trichloroethane, Carbon Tetrachloride And Chlorinated
Fluorocarbons; All Spent Solvent Mixtures/Blends Used In Degreasing
Containing, Before Use, A Total Of Ten Percent Or More (By Volume) Of
One Or More Of The Above Halogenated Solvents Or Those Solvents Listed
In F002, F004, And F005; And Still Bottoms From The Recovery Of These
Spent Solvents And Spent Solvent Mixtures.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

	Highlights:	The idea of establishing a cultural facility for Latino artists and the community emerged in the early 1970s. Several Hispanic visionaries and artists approached the City of Austin to request support for the development of a Hispanic focused cultural arts facility. In 1986, the City Council appointed a task force to determine the feasibility of building a Mexican American Cultural Center. In 1992, the center was part of the citywide bond package put before the voters. The referendum did not pass. By 1998, the community had regrouped and with the leadership provided by Hispanic elected officials and other leaders of the community, the 1999 bond package was approved by the voters. A Master Plan for the Mexican American Cultural Center was also developed with input from the community and from various Mexican American arts organizations. The long-awaited groundbreaking ceremony took place in November of 2005. Construction of the Mexican American Cultural Center began in January of 2006, and the facility was completed in June of 2007. The reality of the long-time dream was finalized on September 15, 2007, with a ribbon cutting ceremony attended by thousands from the community. Currently, the ESB-MACC building, a large patio/open terrace, walking trails, and gardens are on the site. Portions of the property are currently undeveloped which is where the expansion/second phase of the ESB-MACC development will be taking place. Following the site's Master Plan, the ESB MACC is beginning work on Phase 2 of the 2018 Facility Expansion Plan (2018 Plan) approved by City Council. Phase 2 includes expansion and renovation of the facility in addition to site improvements to meet the growing needs of the community. This facility has become an iconic cultural hub for the Mexican-American community and is seeking expansion following growing and continuing community engagement. A groundbreaking ceremony is being planned for

In 1992, the center was part of the citywide bond package put before the voters. The referendum did not pass. By 1998, the community had regrouped and with the leadership provided by Hispanic elected officials and other leaders of the community, the 1999 bond package was approved by the voters. A Master Plan for the Mexican American Cultural Center was also developed with input from the community and from various Mexican American arts organizations. The long-awaited groundbreaking ceremony took place in November of 2005. Construction of the Mexican American Cultural Center began in January of 2006, and the facility was completed in June of 2007. The reality of the long-time dream was finalized on September 15, 2007, with a ribbon cutting ceremony attended by thousands from the community. Currently, the ESB-MACC building, a large patio/open terrace, walking trails, and gardens are on the site. Portions of the property are currently undeveloped which is where the expansion/second phase of the ESB-MACC development will be taking place. Following the site's Master Plan, the ESB MACC is beginning work on Phase 2 of the 2018 Facility Expansion Plan (2018 Plan) approved by City Council. Phase 2 includes expansion and renovation of the facility in addition to site improvements to meet the growing needs of the community. This facility has become an iconic cultural hub for the Mexican-American community and is seeking expansion following growing and continuing community engagement. A groundbreaking ceremony is being planned for December when the building closes for construction to begin. Completion of Phase 2 construction is estimated to take place over the next several years with a grand opening in early 2025.

Highlights: The idea of establishing a cultural facility for Latino artists and the community emerged in the early 1970s. Several Hispanic visionaries and artists approached the City of Austin to request support for the development of a Hispanic focused cultural arts facility. In 1986, the City Council appointed a task force to determine the feasibility of building a Mexican American Cultural Center. In 1992, the center was part of the citywide bond package put before the voters. The referendum did not pass. By 1998, the community had regrouped and with the leadership provided by Hispanic elected officials and other leaders of the community, the 1999 bond package was approved by the voters. Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Name: AUSTIN FEDERAL COURTHOUSE
Address: 501 W 5TH ST
City,State,Zip: AUSTIN, TX 787013813
Al Number: 4268
Facility Type: EMERGENCY GENERATOR
Facility Begin Date: 06/19/1986
Facility Status: ACTIVE
Additional ID: 105057982002156
Facility Exempt Status: N
Records Off-Site: No
UST Financial Assurance Required: No
Number Of Active UST: 1
Site Location Description: Not reported
Site Location (Nearest City Name): Not reported
Site Location (County Name): TRAVIS
Site Location (Tceq Region): 11
Site Location (Location Zip): 78701
Contact Name/Title: SAM VASQUEZ,
AUSTIN FEDERAL COURTHOUSE
Contact Organization Name: AUSTIN FEDERAL COURTHOUSE
Contact Mailing Address1: Not reported
Contact Mailing Address2: Not reported
Contact Mailing City/State/Zip: Not reported
Contact Telephone: 5124828164
Facility Contact Address Deliverable: Not reported
Contact Fax Number: Not reported

Environmental Interest/Information System:

Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

Registry ID:	110005009604

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click Here for FRS Facility Detail Report:](#)

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

[Click this hyperlink](#) while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

air pollution control programs administered by the Clean Air Markets Division, within the Office of Air and Radiation. These programs include the Acid Rain Program, established by Title IV of the Clean Air Act Amendments of 1990, and regional programs designed reduce the transport of ozone. These emissions trading programs allows regulated facilities (primarily electric utilities) to adopt the most cost-effective strategies to reduce emissions at their units. Units that reduce their emissions below the number of allowances they hold -- each allowance is equivalent to one ton of sulfur dioxide or nitrogen oxides -- may trade allowances with other units in their system, sell them to other utilities on the open market or through EPA auctions, or bank them to cover emissions in future years. CAMDBS functions include registering responsible officials, establishing allowance accounts, reporting hourly emissions data, and transferring allowances between accounts.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Texas Commission on Environmental Quality - Agency Central Registry (TX-TCEQ ACR) is a computer application that allows the Texas Commission on Environmental Quality (TCEQ) to use a single, centralized area to record common information, such as the company names, addresses, and telephone numbers of those the TCEQ regulates. It also contains additional IDs (permits, registrations, authorizations, etc) and their status.

US BROWNFIELDS:
 Name: THE SALVATION ARMY CENTER AND SOCIAL SERVICES CENTER
 Address: 501 E. 8TH
 Recipient name: Austin, City of
 Grant type: Assessment
 Region: 6
 Property Number: Not reported
 Parcel size: 0.61
 Latitude: 30.2682476
 Longitude: -97.7372481
 HCM Label: Not reported
 Map Scale: Not reported
 Point of Reference: Not reported
 Highlights: The property is a homeless shelter and social services center for Austin's vulnerable population. The Salvation Army needs a federal Home Loan Bank loan in order to renovate this much-used structure. A Phase I ESA is a requirement of that loan. Future plans for the property include substantial refurbishment and replacement of mechanical, electrical, plumbing and elevator systems, replacement of finishes/materials for flooring, walls and ceilings. Additional security features will be installed. The exterior brick facade will also undergo substantial refurbishment due to some system failure. While the renovation/refurbishment of the facility will not change it's use, it will be able to serve the homeless clients in a cleaner and safer environment.
